OBJECTIVE

Seeking employment within a challenging and dynamic environment, with growth opportunities and a setting where I am able to unleash my skill set and immediately become an asset to the company.

EXPERIENCE

Balfour Publishing | December 2015 – Current
Software Engineer

- Continue the growth of the large Studio Balfour application, which entails numerous wordpress plugins, angular apps, and react apps.
- While working primarily on front-end, I occasionally interact with API services to send and receive data with our application using PHP as the middleware.
- Technologies: HTML5, PHP7, Javascript, jQuery, Angular JS, React, CSS, Bootstrap, JSON, API's, OOP, Wordpress

PERFAWARE LLC | DECEMBER 2014 – December 2015
Technology Consultant and Lead Developer

- Visit client-sites at big-box retailers to understand the functional and business requirements and convert them into a custom software solution.
- Research various technologies to help develop a custom-monitoring big data platform (OMS) for the company.
- Provide support and guidance to developers on the team to help with any issues in custom OMS.
- Technologies: HTML5, PHP5, Javascript, jQuery, Angular JS, Bootstrap, Cassandra, ElasticSearch, PostgreSQL, Java. JSP. Sprina MVC. Tomcat

PREMIER PLANNING | May 2014 – Current (PT/Remote)
Creative Director and Web Developer

- Develop custom PHP driven websites to help promote company life insurance products.
- Develop custom mobile html driven apps and push them to android and apple devices.
- Develop lead-generation tools to help capture targeted traffic to custom platforms.
- Technologies: HTML5, PHP5, Javascript, jQuery, Angular JS, MySQL, MongoDB, Phonegap

DUBAL Bros | 08/2012 – 05/2014

Wholesale Digital Marketing

- Maintain legacy Drupal application as a catalog for thousands of products.
- Converted the legacy software to a Magento E-Commerce platform with custom template to suit the needs of owners and clients.
- Technologies: HTML5, PHP5, Javascript, Drupal, Magento

Freelance Web Developer | FROM 2008 – Current
